Re: Fort Monmouth – *Site Investigation Report Addendum for Parcel 102- Former Skeet Range (SIR/Addendum - Skeet Range)*

Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) has completed its review of the SIR/Addendum – Skeet Range. Based on the review, the Department offers the following comments.

The Department concurs, that after completing various historical reviews and soil sample analysis, Parcels 102A, 102B, 102C and 102D fall outside of the shot fall zone of the former Skeet Range and therefore do not require further evaluation.

Thank you and please feel free to contact me if you have any questions.

Sincerely,

A.J. Joshi
