Dear Mr. Fallon:

On October 19, 1990 the Bureau of Information Systems received your application for a New Jersey Pollutant Discharge Elimination System (NJPDES) permit. It has been forwarded to the Bureau of Ground Water Discharge Control for further review.

If this is a renewal application please be advised that the conditions of an expired permit are continued in force pursuant to the "Administrative Procedure Act", N.J.S.A. 52:14B-11, until the effective date of a new permit if:

1. The permittee has submitted timely and complete application for renewal as provided in N.J.A.C. 7:14A-2.1, 3.2 (DSW), 4.4 (IWMF), 5.8 (UIC), and 10; and
2. The Department, without fault on the part of the permittee, fails to issue a new permit with an effective date on or before the expiration date of the previous permit (e.g., when issuance is impracticable due to constraints of time or resources).

Any questions concerning the status of your application should be directed to the Bureau of Ground Water Discharge Control at (609) 292-0424.

Sincerely,

Ronald A. Shearer
