Re: Site Investigation Report UST 228B – Request for Unrestricted Use, No Further Action Approval (SI)
Fort Monmouth, Oceanport
Monmouth County
SRP PI# G000000032

Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) has completed review of the SI and the request for Unrestricted Use No Further Action (NFA) Approval for UST 228B. Based on the review of previous reports and correspondences, it is evident that a discharge from this UST has occurred. As such, the Department cannot approve the request for NFA approval at this time. The Department, pursuant to N.J.S.A. 58:10-23.11, will require the removal of UST 228B along with collection of appropriate post removal/excavation sampling. Please submit the findings to my attention for review.

Please feel free to contact me if you have any questions at (973) 656-4427.

Sincerely,

A.J. Joshi
