Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) reviewed the information submitted on October 19, 2017 and the subsequent request for No Further Action by the Department of the Army. The Department concurs with the Department of the Army that no additional action is necessary at the above referenced parcels. It is agreed that a Preliminary Assessment and Site Investigation including soil and sediment analysis have been completed at these locations. The determination that such work has been completed is based upon information in the Department's case file, the report(s) submitted by the Department of the Army, and the certified representations and information provided to the Department.

If you have any questions regarding this matter, please contact A.J. Joshi at (973) 656-4427.

Sincerely,

Gwen B. Zervas, P.E.
Section Chief
