Re: Parcel 27 – Department of the Army's Response to NJDEP's Letter of July 10, 2012
Fort Monmouth, New Jersey
PI G000000032

Dear Ms. Green:

The New Jersey Department of Environmental Protection (Department) has completed review of the referenced submittal, received on July 27, 2012. As previously indicated, the single outstanding issue at Parcel 27 was underground storage tanks, several of which were associated with unresolved questions. Based upon a review of the additional documentation received on July 27, 2012, all questions regarding underground storage tanks at Parcel 27 have been resolved; it is agreed all known tanks have undergone removal and were granted Departmental Approval Letters with no additional action required.

Please contact this office if you have any questions.

Sincerely,

Linda S. Range
