PI# G000000032

Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) has completed review of the referenced report, received on June 16, 2017, prepared by the Department of the Army's Office of Assistant Chief of Staff for Installation Management. The Department concurs with the Department of the Army that no additional investigation or soil removal is necessary for Parcel 70 – Building 551 Former Photoprocessing. This office looks forward to receipt of the disposal documentation, to be submitted under separate cover, at which time issuance of the requested designation of no further action necessary for Parcel 70 will be appropriate.

If you have any questions regarding this matter, please contact Linda Range at (609) 984-6606.

Sincerely,

Linda Range
