Re: **Remedial Action Type:** *Unrestricted Use*
Scope of Remediation: *Area of Concern: Parcel 69 – Building 900*
Monmouth County
SRP PI# G000000032
RPC000001

Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) reviewed the information submitted on August 19, 2016 by the Department of the Army which documented further evaluation of the former waste oil above ground storage tank. Two underground storage tanks previously associated with the building were granted the designation of no further action required on July 10, 1998. The Department concurs with the Department of the Army that no additional action is necessary for the parcel; it is agreed all remedial actions are complete. The determination that the remedial action is complete is based upon information in the Department's case file, the report submitted by the Department of the Army, and the certified representations and information provided to the Department.

If you have any questions regarding this matter, please contact Linda Range at (609) 984-6606.

Sincerely,

Gwen B. Zervas, P.E.
Section Chief
