Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) reviewed the information submitted by the Department of the Army. The Department concurs with the Department of the Army that no additional action is necessary for the Five Underground Storage Tanks (UST 360, UST 361, UST 362, UST 363, UST 364) located at Parcel 72 Lodging Area; it is agreed all remedial actions are complete. The determination that the remedial action is complete is based upon information in the Department's case file, the Site Investigation Report submitted by the Department of the Army, and the certified representations and information provided to the Department.

If you have any questions regarding this matter, please contact A.J. Joshi at (973) 656-4427.
