Dear Mr. Occhipinti:

The New Jersey Department of Environmental Protection (Department) has reviewed the *Request for No Further Action* received December 4, 2015, and the Underground Storage Tank Closure and Site Investigation Report for the underground storage tank at Building 114, referenced above. The Department concurs with the Department of the Army that all remedial actions are complete. The determination that the remedial action is complete is based upon information in the Department's case file, the report submitted by the Department of the Army, and the certified representations and information provided to the Department.

If you have any questions regarding this matter contact Linda Range at (609)984-6606.

Sincerely,

Gwen B. Zervas, P.E.
