Re: *Request for NFA Determination GW at FTMM-25*  
Fort Monmouth  
Oceanport, Monmouth County  
PI G000000032

Dear Mr. Colvin,

The New Jersey Department of Environmental Protection (Department) has completed review of the referenced submittal, received December 30, 2016, prepared by the Department of the Army's Office of Assistant Chief of Staff for Installation Management to request determination of no further action for ground water at FTMM-25, a landfill located on the Charles Wood Area, also known as CW-3A. The Department previously agreed the elevated levels of metals detected in ground water are attributed to background conditions and not indicative of historical site usage or a discharge. It is agreed no additional action regarding ground water is necessary at FTMM-25. Remedial activities regarding soil at FTMM-25 continue under Departmental oversight.

Please contact Linda Range at (609) 984-6606 if you have any questions.

Sincerely,

Gwen B. Zervas, P.E.  
Section Chief
