Re: *Request for NFA Determination for Ground Water at FTMM-04*  
Fort Monmouth  
Oceanport, Monmouth County  
PI G000000032

Dear Mr. Colvin,

The New Jersey Department of Environmental Protection (Department) reviewed the information submittal on April 24, 2017 by the Department of the Army's Office of Assistant Chief of Staff for Installation Management which requested a determination of no further action for ground water at FTMM-04, a landfill located on the Main Post. The Department concurs with the Department of the Army that no additional action is necessary for ground water at FTMM-04; it is agreed all remedial actions relative to ground water (only) are complete. This determination is based upon information in the Department's case file, the report submitted by the Department of the Army, and the certified representations and information provided to the Department. Remedial activities regarding soil at FTMM-04 continue under Departmental oversight.

Please contact Linda Range at (609) 984-6606 if you have any questions.

Sincerely,

Gwen B. Zervas, P.E.  
Section Chief
