Re: UST Closure Report - Building 9064  
Fort Monmouth Camp Evans Area  
Wall Township, Monmouth County

Dear Mr. Appleby:

The NJDEP has reviewed the November 16, 2001 Underground Storage Tank Closure Report - Building 9064 located at the Camp Evans Area, Wall Township, Monmouth County, and we approve the document as submitted and agree with the *No Further Action* recommendation.

The Army intends to transfer the property (part of Parcel A) prior to April 2001. This transfer requires that the NJDEP approve the requested "No Further Action". The sampling performed at the location of the tank meets the Technical Requirements For Site Remediation (N.J.A.C. 7:26E *et seq.*). Ground water and soil samples analysis revealed no contamination above regulated criteria. No additional action is necessary.

If you should have any questions or comments, please do not hesitate to contact me at (609) 633-7232 or via E-mail.

Sincerely,

Ian R. Curtis, Case Manager
