Re: **Parcel 82** Groundwater Site Investigation Report and Soil Remedial Action Completion Report  
(Reports)  
Monmouth County  
SRP PI# G000000032  
RPC000001

Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) has completed the review of the Reports for the above referenced location submitted by the Department of the Army. The Department concurs with the Department of the Army that PCB investigation in ground water is complete and no additional groundwater investigation is necessary at the above location. The Department also acknowledges that PCB contaminated soils have been excavated and transported the contaminated soils to an off-site facility. The determination that such work has been completed is based upon information in the Department's case file, the report(s) submitted by the Department of the Army, and the certified representations and information provided to the Department.

If you have any questions regarding this matter, please contact A.J. Joshi at (609) 433-8735.

Sincerely,

A.J. Joshi

Mr. Colvin,

I have attached a concurrence letter for Parcel 82. Please let me know if you have any questions. Thank you.

AJ Joshi
