Re: Site M-8 RI Workplan Addendum  
Fort Monmouth Army Base  
Fort Monmouth, Monmouth County

The NJDEP has reviewed the December 15, 1999 remedial investigation workplan for the M-8 site located on the Main Post base at Fort Monmouth and we approve the document as submitted.

The NJDEP accepts the arguments made by you regarding the adherence of PCB oils to the soil particles, which are drawn into the well in the process of sampling. We expect that the approved workplan will appropriately determine the validity of this hypothesis. We look forward to receiving the results of the study.

If you should have any questions or comments, please do not hesitate to contact me at (609) 633-7232 or via E-mail.

Sincerely,  

Ian R. Curtis, Case Manager
