PI G000000032

Dear Mr. Colvin:

The New Jersey Department of Environmental Protection (Department) has completed review of the referenced letter submittal, prepared by the Department of the Army, received on July 18, 2016.

Soil Analytical Results/PCBs/Landfill Boundary

All comments and issues discussed in the Department's January 2016 correspondence have been satisfactorily addressed.

Ground Water

The response is acceptable, however, further comments regarding sampling frequency will be generated following receipt of the Annual – 4th Quarter 2015 Ground water Sampling Report.

Proposed Remedy

It is acknowledged information on those landfills at which “functional equivalent” caps may be proposed will be included in the *Draft Conceptual Design Report for Nine Landfills*.

The Remedial Investigation Report for FTMM-02 is approved.

Please contact this office with any questions.

Sincerely,
