SUBJECT: Relocation of Gas Main in the Vicinity of Bldg 498, Riverside Ave.

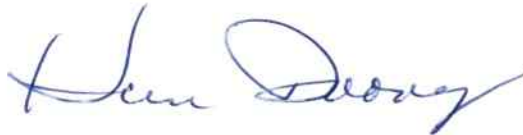

Mr. Bob Cosentino
New Jersey Natural Gas Company
1415 Wyckoff Road
PO Box 1464
Wall, New Jersey 07719

Dear Mr. Cosentino:

A relocation of the natural gas main around Bldg 498 is required. An environmental restoration project will remove contaminated soil around this building and unfortunately your gas main is in the same area. Request the main be relocated by 30 October 1998.

The undersigned is available to provide the exact location in the field. Request any charges associated with these relocations be billed on Fort Monmouth's monthly billing. If you have any further questions, the point of contact at this office is Kevin Dooney, 532-2207.

Sincerely,

KEVIN DOONEY
