Subject: Landfill Delineation Project – Revised Schedule

Re: Fort Monmouth Correspondence (Dated September 16, 2008)

NJDEP Correspondence (Dated August 19, 2008)

Fort Monmouth Correspondence (Dated August 1, 2008)

Dear Mr. Quinn:

Attached is a revised schedule for the landfill boundary confirmation work. Work activities proposed for the M-14 landfill have been moved to the top of the schedule in order to support potential cultural resource actions for land areas adjacent to the M-14 landfill. Work activities are still scheduled to commence on 29 September 08, however, the completion of all field work has been extended to 25 November 08. Other competing priorities in the environmental program are the reason for extending the schedule. All other agreements which were made previously remain in effect.

Please contact Mr. Joseph Fallon at (732) 532-6223 should you have any questions regarding the schedule change.

Sincerely,

Barbara A. Folk  
Director, Public Works
