Re: Finding of Suitability to Lease (FOSL) dated January 2015
Fort Monmouth – Buildings 900, 914, 915, 916 and 917
Fort Monmouth, New Jersey
PI G000000032

Dear Mr. Pearson:

The New Jersey Department of Environmental Protection (Department) has completed review of the referenced submittal, received on January 6, 2015, for Buildings 900, 914, 915, 916 and 917, located on approximately three acres.

The only comment offered references a statement in Enclosure 4, page 2, regarding petroleum hydrocarbons being non-detect. It does not appear, however, the analytical parameters included petroleum hydrocarbons.

Please contact this office if you have any questions.

Sincerely,

Linda S. Range
